Office Policies/Financial Policies Agreement

These are all of our financial and office policies. Please read carefully and retain this copy for your records.

As the patient's guarantor, you understand and agree to the following:

You authorize care and treatment by RDV Sportsplex Pediatrics (aka Pro Star Pediatrics, PA) and the release of all information to insurance and third party carriers and direct them to remit payments directly to us.

The guarantor or authorized person accompanying the child is required to pay at the time of services rendered. This includes any divorce or custody cases, regardless of who the decree or custody documents indicate makes payment. Payment may include any copays and/or coinsurances, non-insured patient services, and past due balances (over 30 days). If a copay is not paid at the time of service, a \$5.00 fee will be assessed to the account.

All checks returned for insufficient funds, closed accounts, or any other reason will be subject to a \$25.00 service charge. The amount of the check and the service charge must be paid in full within five business days by cash, credit card or certified funds. Thereafter, checks will no longer be accepted for services rendered.

We request a current insurance card and verify eligibility for every visit. However, you are responsible for knowing your insurance coverage and benefits, including well visits and immunizations. As a courtesy, claims are billed to your insurance carrier and they are allowed 60 days to make payment. All balances not paid by the insurance carrier after 60 days from the date of service become your responsibility, and it is also your responsibility to follow up with them. We will be happy to reimburse you for any payments made by you after your insurance company has paid in full.

If you have any changes to your insurance information and fail to notify us, RDV Sportsplex Pediatrics will not be responsible for timely filing denials if we did not receive the correct insurance information prior to or at the time of services rendered.

If you have a newborn, we will give you up to two weeks from the date of birth to provide proof of coverage. If you are unable to do so after two weeks time, you will be responsible for any previously accrued balances and will have to pay out of pocket until proof of coverage is provided. Proof of coverage includes a letter from the insurance company, a hard copy of an insurance card with your child's name on it, or a temporary card with your child's name on it printed from the insurance company's website. We will no longer accept a parent's insurance card as proof of coverage.

If we are unable to verify your insurance at the time of your appointment, you can either pay out of pocket for the visit or reschedule to another day.

Self-pay patients who have previously been established with the practice will receive a 20% discount off of the exam if there are no outstanding balances and payment is made in full at the time of service.

If your account is referred to collections, you will be responsible for all attorney's fees and collection expenses. A monthly late fee of up to 10% of the total balance will be charged to past due accounts over 90 days.

At each well checkup, you will receive a copy of your child's immunization record and physical form, and any additional form you bring with you (such as sports physical forms, WIC forms, school medication administration forms, etc.) free of charge. If you request these forms or any other forms at any other time, they will be ready in 3 business days free of charge. In order to accommodate patients that need forms by the following business day, there is a \$25.00 convenience fee for rush requests. **Under no circumstances will the doctors be interrupted from seeing patients during business hours to sign any forms.**

CONTINUED FROM PAGE 1...

If you choose to deviate from the recommended vaccine schedule and split vaccines into different visits, there will be an additional charge for the nurse visit of \$25.00. Insurance companies only allow well visits at certain intervals and do not cover the administration of these vaccines at a separate appointment. You will be responsible for this charge and it will be due at the time services are rendered.

We ask that you arrive 10 minutes prior to your appointment time. This is to ensure adequate time to check in and attend to any billing or insurance issues that may arise before your appointment time; otherwise, you may lose your slot and have to reschedule to the next available appointment time or another day.

If you are more than 10 minutes late for your appointment, you will be rescheduled to the next available appointment time; if it is a sick visit and there are no appointment slots left for the day, you will have to wait to be seen between patients. If it is a well visit and there are no appointment slots left for the day, you will have to reschedule to another day. Calling ahead when you are going to be late is highly recommended, as we can let you know in advance if you will need to reschedule.

A notice of 24 hours for cancelled appointments is appreciated. A \$25.00 charge will be assessed to the account for missed appointments without notification. Your family will be subject to dismissal if there are an excessive amount of no shows.

When school is out for the summer, due to high demand for physicals and limited space, there will be a \$25.00 charge for each child assessed to the account for appointments not cancelled with 24-hour notice for one child, and 48-hour notice for two or more children scheduled together.

Per insurance regulations, an annual preventive exam is not the same as an office visit and does not include a discussion of new medical problems or evaluation of any chronic medical conditions. In the event that it is necessary to perform both services at the same visit, you may be charged an office visit as well as the preventive exam. Your insurance company may charge you a copay, co-insurance or deductible, depending on your plan.

Requests for entire medical records will incur a \$10.00 charge per patient if picked up, with an additional \$5 charge if mailed. All records will be supplied on a CD in PDF format. You may request a courtesy copy at no charge which will only include the last physical, shot record. You can also download the entire record free of charge through the patient portal. All requests for medical records can take up to 10 business days.

Medication refill requests require up to 3 business days to complete. If your child is not up to date on his physicals, an appointment is required before a refill is permitted.

If you have a medical question that cannot wait until normal office hours, there will be a \$20 charge for speaking to a nurse through the Telecare answering service. This will be billed to the insurance company, but if they do not pay, you will be responsible for this charge and it is due at the next time services are rendered or your next statement, whichever comes first. We do not receive any revenue by charging our patients for this service; this is a charge incurred directly from the Telecare program.

By signing, you are confirming that all information is true to the best of your knowledge.

Notice of Privacy Practices Acknowledgement Form and Consent for Transfer of Biological Specimens

RDV Sportsplex Pediatrics (aka Pro Star Pediatrics, PA) Notice of Privacy Practices provides information about how we may use and disclose protected health information about you. You have the right to review our Notice before signing this form. As provided in our Notice, the terms of our Notice may change. If we change our Notice, you may obtain a revised copy by contacting our office or by visiting our website at www.rdvpediatrics.com.

You have the right to request that we restrict how protected health information about you is used or disclosed for treatment, payment, or health care operations. We are not required to agree to this restriction, but if we do, we are bound by our agreement.

During your care at RDV Sportsplex Pediatrics, it may be medically necessary to obtain a blood, urine, stool, tissue, or other type of biological specimen for analysis (ex: a throat swab to test for strep). This analysis will not involve the examination of your DNA to identify the presence of and composition of genes in your body. After the analysis has been performed and the samples are no longer needed, it will be stored as medical waste and then transferred to a third party for disposal in accordance with all local, state, and federal requirements.

It may also be the case that a biological specimen (such as blood, urine, hair, bodily fluids, etc.) from you may be deposited on medical instruments, bedding, clothing, or other objects. These objects may then be transferred to a third party for cleaning or disposal.

By signing this form, you consent to our use and disclosure of protected health information about you for treatment, payment and health care operations as described in our Notice. You consent to the transfer of all biological specimens collected by or deposited with RDV Sportsplex Pediatrics to a third party as set forth above. This consent does not authorize the sale or transfer of a biological specimen for the purpose of DNA analysis.

You have the right to revoke this consent, in writing, except where we have already made disclosures in reliance on your prior consent.

My signature below indicates that I have been given the opportunity to review a current copy of RDV Sportsplex Pediatrics "Notice of Privacy Practices."
